

PROJECT BRIEF

Technical assistance in facilitating participatory implementation cycle, monitoring and oversight with regard to demand driven investments in basic infrastructure and services in selected qishloqs (villages)

Objective

To contribute to making rural development in Uzbekistan more inclusive and responsive to the needs of vulnerable groups

The project is part of the wider "Rural Infrastructure Development Project" run by the Ministry of Economy and Poverty Reduction.

The specific objective of the project is to backstop the Project Implementation Unit (PIU) of the Ministry of Economic Development and Poverty Reduction (MoED) of the Republic of Uzbekistan, through direct and indirect support aimed at **improving participatory implementation of demand-driven investment on basic infrastructure** within the Rural Infrastructure Development Program. Therefore, ACTED's role is to oversee a series of assessments and analyses aiming to boost rural economic development in Andijan and Fergana regions.
