

ACTED UKRAINE, 2022

KEY PRIORITIES

ACTED has been present in Ukraine since 2015 in response to the conflict in the Donbas region. Since the large-scale military action began in the country in February 2022, ACTED's teams are mobilised throughout Ukraine and neighbouring countries to support victims of the conflict.

ACTED has expanded its geographic and operational presence in Ukraine and opened new field bases throughout the West, East, North and South. After the first three months of rapid response and scale up of operations, ACTED transitioned its programming to provide comprehensive and multi-sector aid to three contextual profiles within Ukraine.

PROVIDING EMERGENCY HUMANITARIAN AID IN ACTIVE CONFLICT CONTEXTS

ENSURING BASIC NEEDS OF DISPLACED PEOPLE ARE MET IN HOSTING CONTEXTS

SUPPORTING THE RECOVERY OF RECENTLY REGAINED CONTEXTS

100 TRUCKS OF HUMANITARIAN AID

Immediately after the invasion, ACTED launched its #ConvoysForUkraine initiative. Under it ACTED delivered **100** trucks carrying more than **3000** tons of essential items donated by the people of France. These items, such as food, water, hygiene products, blankets, and first aid kits, were delivered to **110,695** Ukrainian people across 14 oblasts in country; and additional Ukrainians in Moldova and Romania.

In order to respond rapidly and effectively to the differing needs of conflict-affected populations across the entirety of Ukraine, ACTED has expanded its office and operational presence in country.

PARTNERSHIPS WITH UKRAINIAN CIVIL SOCIETY ORGANIZATIONS AND VOLUNTARY GROUPS WERE ESTABLISHED.

Our programmes and support teams, made up of more than **370** dedicated national and international staff, worked directly with local authorities, civil society actors, volunteer groups, and other humanitarian organisations to deliver timely and relevant multisectoral assistance to individuals, households, and collective centres.

≈ **456, 000** UKRAINIANS WERE SUPPORTED

164,491 people affected by the conflict in all **24** oblasts of Ukraine received life-saving multi-purpose cash assistance from ACTED.

47,700 displaced people living in collective centers receive hygiene kits and items ensuring dignified, safe and inclusive living conditions.

112,313 displaced people and people in transit received hot meal.

43,033 people received food kits and food parcels.

Moreover, armed conflict in Ukraine have devastated both water and electricity networks, leaving millions of people without access to safe water. To improve their access to this one of the most essential human needs, ACTED distributed drinkable water to the **36,431** conflict affected people living in Kropyvnytskyi, Mykholaiv, Zaporizhzhia and Donetsk oblast.

Additionally, ACTED teams have been working closely with local partners and authorities in collective sites hosting internally displaced people fleeing the conflict-affected areas, implementing activities to ensure the immediate safety of people and improving challenging living conditions.

42,416 internally displaced people in collective centers received assistance through the implementation of activities such as communal laundries, community participation, communication with communities, distribution of repair kits, psychosocial support, windows installation and other repairs as well as site assessments.

All above mentioned activities were possible thanks to ACTED's donors. The views expressed herein should not be taken, in any way, to reflect the official opinion of ACTED's donors, who are not responsible for any use that may be made of the information it contains.
