

ABOUT Acted

For the past 30 years, international NGO Acted has been going the last mile to save lives. Currently, Acted supports 20 million people across 43 countries to meet their needs in hard-to-reach areas. Acted relies on an in-depth knowledge of local territories and contexts to develop and implement relevant humanitarian interventions, with a wide range of local and international partners, building together a “3ZERO” world: Zero Exclusion, Zero Carbon, Zero Poverty.

Acted UKRAINE

Acted has been present in Ukraine since 2015 in response to the armed conflict in the Donbas region. Since the large-scale military action began in the country in February 2022, Acted's teams are mobilised throughout Ukraine and neighbouring countries to support those affected by the conflict.

Acted has expanded its geographic and operational presence in Ukraine and opened 10 field bases throughout the West, East, North and South. After the first three months of rapid response and scale up of operations, Acted transitioned its programming to provide comprehensive and multi-sector aid to three contextual profiles within Ukraine.

KEY PRIORITIES

1

Providing rapid humanitarian aid in active conflict contexts, with a focus on hard to reach areas.

2

Ensuring basic needs of displaced people are met in hosting contexts.

3

Supporting the recovery of recently regained areas.

MAIN SECTORS OF INTERVENTION

Acted teams are devoted to supporting vulnerable communities and working alongside in building a better future by providing a response adapted to specific needs. By developing the link between Emergency, Recovery and Development, Acted teams ensure that interventions made in a situation of crisis are useful and sustainable because only long term support – by remaining in the area post emergency and involving communities – can end the poverty cycle and accompany populations on the road to development.

Acted's humanitarian aid covers intervention areas such as: Water, Sanitation and Hygiene (WASH), Food Security & Livelihoods, Cash, Shelter, Camp Coordination and Camp Management (CCCM), Disaster Preparedness, Local Partnerships.

Acted Ukraine in 2022

Multi - purpose cash assistance

More than 167,000 people affected by the war in all 24 oblasts of Ukraine received life-saving multi-purpose cash assistance.

Water, sanitation and hygiene (WASH)

216,352 people directly benefited from the distribution of hygiene kits, water trucking and bottled water as well as water supply, sanitation and infrastructure repairs. Overall, 110 water supply and sanitation infrastructures were rehabilitated.

Local partnerships

119 civil society organizations and government institutions enhanced their capacities thanks to financial assistance (sub-grants) and in-kind assistance (non food items (NFIs), food parcels).

Shelter

31,646 individuals are living in adequate shelter/housing as a result of Acted's interventions, such as distribution of winterization items, home heating appliances as well as light shelter repairs of homes and public buildings impacted by military activities.

Camp Coordination and Camp Management (CCCM)

135 displacement sites were provided with CCCM support including repairs and rehabilitations and another 487 collective centers were supported with in-kind donations (e.g. generators, NFIs, hygiene kits).
