48% of the population in need of humanitarian assistance

27% of the population in severe levels of food insecurity

4.2 million IDPs. 2.1 million returnees from Iran and Pakistan since January 2025.

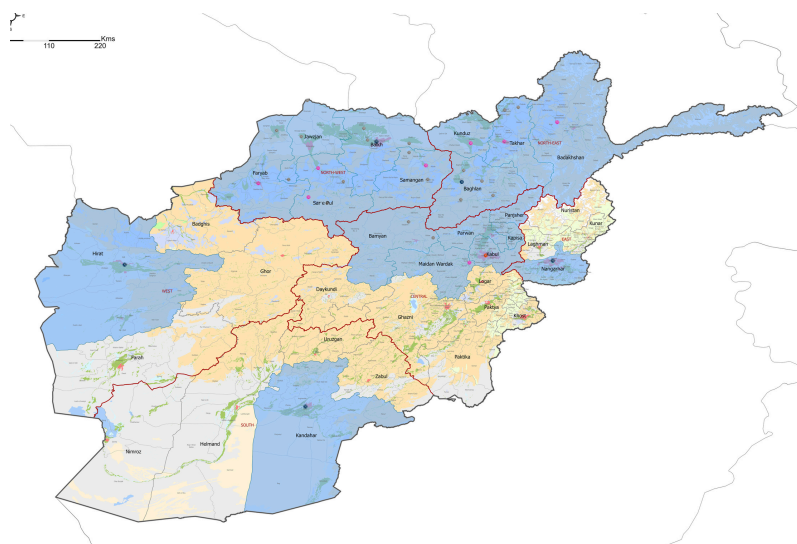

179th out of 185 countries for climate change vulnerability.

1.5 million school-aged girls are out of school

68% young women remain unemployed

Acted's operational presence as of May 2025

## ACTED'S PRESENCE IN AFGHANISTAN

Established in Afghanistan in 1993, Acted currently operates across **17 provinces**; reaching over 4.4 million beneficiaries in 2025 through 13 projects delivering **humanitarian assistance** and access to **basic services**. Acted has built a **legacy of long-term access and community acceptance** in some of Afghanistan's most peripheral and hard-to-reach areas; ensuring strong area-based and community-driven programming. Acted's work is guided by **3 pillars**: improving access to **basic services through area-based approaches**, providing **livelihoods and economic opportunities** — particularly for youth and women, and promoting effective nature-based solutions for **climate change adaptation and mitigation**.

Complementing this long-term strategy is Acted's **integrated, multisectoral emergency response**, providing rapid deployment of cash and in-kind assistance to the most vulnerable individuals affected by disasters and poverty in the most difficult-to-access areas of Afghanistan.

Acted's 2020–2025 strategy, aligned with the SDGs, envisions a "**3Zero World**"—Zero Exclusion, Zero Carbon, and Zero Poverty. It emphasizes **tackling poverty**, inequality, and injustice while promoting **inclusive low-carbon growth** and addressing climate change and environmental challenges.

world.

## ACTED'S RESPONSE IN AFGHANISTAN

**Protection:** **9 women and girls Safe Spaces** in communities in addition to **48 Multi-Purpose Centres** throughout the country including in ISETs and areas of return which provide complementary protection, education and livelihood assistance.

**Livelihood:** **3,000+ handicraft MSMEs** empowered with technical, business, financial support and market linkages for sustainable growth.

**Agriculture:** **30,000+ farmers** supported through enhanced climate-smart agricultural practices, **soil restoration, food security** and **economic potential**.

**Education:** **39 centres** offering **life skills and livelihood courses** to 8,000+ youth — particularly for women and girls. **6 Transitional Centers** offering **bridging classes** to 4,000 out-of-school children and adolescents.

**Multisectoral Emergency Response:** Area-based integrated assistance in hard-to-reach shock-affected areas, including **emergency WASH and Shelter assistance, food security, MPCA** and **winterization support**.

**AGORA**, a joint-venture by Acted and IMPACT in Afghanistan since 2018 delivers recovery and resilience programming through two interventions: **community-based access to basic services** and **natural resource management**, and **durable solutions in ISETs**.

Using an **area-based approach** accountable to local stakeholders, communities are empowered to be actors in evidence and needs based aid planning, delivery and monitoring.

**91 community plans** have been developed totalling **2,300+ priority projects** for 680 million USD
