TERMS OF REFERENCE (TOR) FOR CONSULTANCY CONTRACT**PROVISION OF A DETAILED DESIGN ON KFAR HARRA LINE****Employer:** ACTED**Contract:** Consultancy**Location:** Lebanon**Working area:** Akkar, Villages of Bireh and Kherbet Daoud

Tender Reference:

JOB DESCRIPTION**1. PROJECT BACKGROUND**

ACTED is a Non-Governmental Organization, with headquarters in France, active in 34 countries. In Lebanon, ACTED is operating since 2006 providing lifesaving humanitarian assistance for both Lebanese and refugee population. ACTED is implementing the **“Support to the North Lebanon Water Establishment in improving water supply in target municipalities of Akkar district”** project, funded by the European Union, represented by the European Commission, in turn represented by the Delegation of the European Union to Lebanon.

Following consultations and discussions with the North Lebanon Water Establishment (NLWE) on requirements to enhance the water supply, ACTED is inviting Engineering consultants/ consulting firms (hereinafter referred to as the “Consultant”) to submit a proposal for the provision of consultancy services for the provision of a detailed design, preparation of the technical specifications for the tender documents of an approximately 1.4km section of the ‘Kfar Harrah water network rehabilitation Project’ located at Akkar, Lebanon (hereinafter referred to as the “Project”).

ACTED is rehabilitating the transmission water network connecting to nine villages from Kherbet Daoud to Kfar Harra. The selected consultant will be required to design the section of the network connecting the newly constructed 10” water supply network in Kherbet Daoud to the local water source, a distance of approximately 1.4km. The consultant will also prepare the technical specifications for the tender documents.

2. OBJECTIVE & EXPECTED DELIVERABLES**2.1 Objective of the Consultancy**

The project seeks the services of a professional consultant (engineering firms or individual engineers) with substantial experience in design, supervision and construction management for water utilities. The consultant shall be solely responsible for the quality and integrity of its services including the deliverable outputs outlined in this Terms of Reference. The consultant shall coordinate all work assignments with ACTED, and conduct discussions and consultations the North Lebanon Water Establishment (NLWE), Qoubayat Water Establishment (QWE) and other relevant stakeholders when necessary. **The consultant shall deliver the following outputs under the agreed time frame:**

1. **An assessment of current status of network** to identify the current status of the existing water supply network, including but not limited to: calculation of the actual losses in the network, capacity and coverage of existing network
2. **Design report** including, but not limited to: methodology used, results of hydraulic model, design options considered (at least 3) including cost benefit analysis for each option, rationale for selection of final design and assumptions used
3. **Preparation of final designs** including: a detailed Bill of Quantities (BoQs), layout drawings for proposed pipeline routes with topographic survey information, technical specifications and drawings. The final design will be based on confirmation of the design report by ACTED.
4. **Preparation of technical specifications for tender documents**

5. REPORTING AND CONTRACT PERIOD

5.1 The Consultant will report directly to ACTED's WASH Project Coordinator

5.2 The intended start date is February 2019. The consultant shall commence the consulting service upon the effective date of the contract notice to proceed, and the deadline to implement the specific work will be a maximum of 2 months.

5.3 The consultant will meet with ACTED's engineer on a fortnightly schedule to discuss design progress.

5.4 The Consultant will submit the following reports in English in one original and 2 hardcopies and an electronic copy:

- **Inception Report** to be produced after two weeks, or other reasonable deadline from the start of implementation. In the report the Consultant shall describe e.g. proposed work plan, initial findings, progress in collecting data, any difficulties encountered. The Consultant should proceed with his work unless ACTED sends comments on the inception report.
- **Design Report** to be produced one month after contract signature, including all elements listed in Section 2.1
- **Final design and tender design specifications** This shall be submitted six weeks after contract signature and contain the inputs listed in Section 2.1. Additionally all documents listed in Section 2.5 should be submitted for review.

6. ELIGIBILITY CRITERIA

The consultant shall be composed of qualified staff with sufficient skills and experiences necessary to undertake the range of tasks set out in this Terms of Reference. The consultant shall provide an up-to-date renewed consultancy service legal certificate. The offers will be evaluated according to quality, and it is **mandatory** that consultants provide evidence of the eligibility criteria listed in the table below in their offer to be considered.

Criteria	Eligibility criteria	Percentage
Human resources: CV of each of the consultant/s on the team highlighting relevant qualifications;	At least 10 years' experience in design in water supply construction projects	20
Experience: Example of previous work of a similar scope (locally and/or internationally) and role of each team member in projects.	Submission of at least three similar projects on Water Establishment owned assets, including references. Submission of at least one completed design report for a similar scope of work.	20
Methodology: Methodology proposed per deliverable, including the time taken required for each activity	Submission of detailed methodology for the implementation of each of the above criteria, including templates for required reports (headings only).	30
Cost of offer		30

Consultants should submit their financial offers according to the following table

Item	Unit price	Unit cost	Number of units	Total cost
Inception report	Man day			
Design report	Man day			
Design and tender design specifications	Man day			

7. CONFIDENTIALITY STATEMENT

ACTED

T/11CGU/73D/CON/BRT/PRG/31-01-2019/001

All data and information received from ACTED, NLWE, QWE and any other stakeholder for the purpose of this assignment are to be treated confidentially and are only to be used in connection with the execution of this Terms of Reference. The contents of written materials obtained and used in this assignment may not be disclosed of to any third parties without the expressed advance written authorization of the ACTED.

Tenderer's name: _____

Tenderer's address: _____

CODE OF CONDUCT:**1. Labour Standards**

The labour standards in this code are based on the conventions of the International Labour Organisation (ILO).

- *Employment is freely chosen*

There is no forced, bonded or involuntary prison labour. Workers are not required to lodge 'deposits' or their identity papers with the employer and are free to leave their employer after reasonable notice.

- *Freedom of association and the right to collective bargaining are respected*

Workers, without distinction, have the right to join or form trade unions of their own choosing and to bargain collectively. The employer adopts an open attitude towards the legitimate activities of trade unions. Workers representatives are not discriminated against and have access to carry out their representative functions in the workplace. Where the right to freedom of association and collective bargaining is restricted under law, the employer facilitates, and does not hinder, the development of parallel means for independent and free association and bargaining.

- *Working conditions are safe and hygienic*

A safe and hygienic working environment shall be provided, bearing in mind the prevailing knowledge of the industry and of any specific hazards. Adequate steps shall be taken to prevent accidents and injury to health arising out of, associated with, or occurring in the course of work, by minimising, so far as is reasonably practicable, the causes of hazards inherent in the working environment. Workers shall receive regular and recorded health and safety training, and such training shall be repeated for new or reassigned workers. Access to clean toilet facilities and potable water and, if appropriate, sanitary facilities for food storage shall be provided. Accommodation, where provided, shall be clean, safe, and meet the basic needs of the workers. The company observing the standards shall assign responsibility for health and safety to a senior management representative.

- *Child Labour shall not be used*

There shall be no new recruitment of child labour. Companies shall develop or participate in and contribute to policies and programmes, which provide for the transition of any child found to be performing child labour to enable her/him to attend and remain in quality education until no longer a child. Children and young people under 18 years of age shall not be employed at night or in hazardous conditions. These policies and procedures shall conform to the provisions of the relevant International Labour Organisation (ILO) standards.

- *Living wages are paid*

Wages and benefits paid for a standard working week meet, at a minimum, national legal standards or industry benchmarks. In any event wages should always be high enough to meet basic needs and to provide some discretionary income. All workers shall be provided with written and understandable information about their employment conditions in respect to wages before they enter employment, and about the particulars of their wages for the pay period concerned each time that they are paid. Deductions from wages as a disciplinary

measure shall not be permitted nor shall any deductions from wages not provided for by national law be permitted without the express and informed permission of the worker concerned. All disciplinary measures should be recorded.

- *Working hours are not excessive*

Working hours comply with national laws and benchmark industry standards, whichever affords greater protection. In any event, workers shall not on a regular basis be required to work in excess of the local legal working hours. Overtime shall be voluntary, shall not exceed local legal limits, shall not be demanded on a regular basis and shall always be compensated at a premium rate.

- *No discrimination is practised*

There is no discrimination in hiring, compensation, access to training, promotion, termination or retirement based on race, caste, national origin, religion, age, disability, gender, marital status, sexual orientation, union membership or political affiliation.

- *Regular employment is provided*

To every extent possible work performed must be on the basis of a recognised employment relationship established through national law and practice. Obligations to employees under labour or social security laws and regulations arising from the regular employment relationship shall not be avoided through the use of labour-only contracting, sub-contracting or home-working arrangements, or through apprenticeship schemes where there is no real intent to impart skills or provide regular employment, nor shall any such obligations be avoided through the excessive use of fixed-term contracts of employment.

- *No harsh or inhumane treatment is allowed*

Physical abuse or discipline, the threat of physical abuse, sexual or other harassment and verbal abuse or other forms of intimidation shall be prohibited.

B. Environmental Standards

Suppliers should as a minimum comply with all statutory and other legal requirements relating to the environmental impacts of their business. Detailed performance standards are a matter for suppliers, but should address at least the following:

- *Waste Management*

Waste is minimised and items recycled whenever this is practicable. Effective controls of waste in respect of ground, air, and water pollution are adopted. In the case of hazardous materials, emergency response plans are in place.

- *Packaging and Paper*

Undue and unnecessary use of materials is avoided, and recycled materials used whenever appropriate.

- *Conservation*

Processes and activities are monitored and modified as necessary to ensure that conservation of scarce resources, including water, flora and fauna and productive land in certain situations.

- *Energy Use*

All production and delivery processes, including the use of heating, ventilation, lighting, IT systems and transportation, are based on the need to maximise efficient energy use and to minimise harmful emissions.

- *Safety precautions for transport and cargo handling*

All transport and cargo handling processes are based on the need to maximise safety precautions and to minimise potential injuries to ACTED beneficiaries and staff as well as the suppliers's employees or those of its subcontractors.

C. Business Behaviour

The conduct of the supplier should not violate the basic rights of ACTED's beneficiaries.

The supplier should not be engaged

1. in the manufacture of arms
2. in the sale of arms to governments which systematically violate the human rights of their citizens; or where there is internal armed conflict or major tensions; or where the sale of arms may jeopardise regional peace and security.

D. ACTED procurement rules and regulations

Suppliers should comply with ACTED procurement rules and regulations outlines in ACTED Logistics Manual Version 1.2. or above. In particular, ACTED's procurement policy set out in Section 2.1 and 2.4. (contract awarding). By doing so, Suppliers acknowledge that they do not find themselves in any of the situations of exclusion as referred to under section 2.4.2.

Operating Principles

The implementation of the Code of Conduct will be a shared responsibility between ACTED and its suppliers, informed by a number of operating principles, which will be reviewed from time to time.

ACTED will:

- Assign responsibility for ensuring compliance with the Code of Conduct to a senior manager.
- Communicate its commitment to the Code of Conduct to employees, supporters and donors, as well as to all suppliers of goods and services.
- Make appropriate human and financial resources available to meet its stated commitments, including training and guidelines for relevant personnel.
- Provide guidance and reasonable non-financial support to suppliers who genuinely seek to promote and implement the Code standards in their own business and in the relevant supply chains, within available resources.
- Adopt appropriate methods and systems for monitoring and verifying the achievement of the standards.
- Seek to maximise the beneficial effect of the resources available, e.g. by collaborating with other NGOs, and by prioritising the most likely locations of non-compliance.

ACTED expects suppliers to:

- Accept responsibility for labour and environmental conditions under which products are made and services provided. This includes all work contracted or sub-contracted and that conducted by home or other out-workers.
- Assign responsibility for implementing the Code of Conduct to a senior manager.
- Make a written Statement of Intent regarding the company's policy in relation to the Code of Conduct and how it will be implemented, and communicate this to staff and suppliers as well as to ACTED.

Both parties will

- require the immediate cessation of serious breaches of the Code and, where these persist, terminate the business relationship.
- Seek to ensure all employees are aware of their rights and involved in the decisions which affect them.
- Avoid discriminating against enterprises in developing countries.
- Recognise official regulation and inspection of workplace standards, and the interests of legitimate trades unions and other representative organisations.

ACTED

T/11CGU/73D/CON/BRT/PRG/31-01-2019/001

- seek arbitration in the case of unresolved disputes.

Qualifications to the Policy Statement

The humanitarian imperative is paramount. Where speed of deployment is essential in saving lives, ACTED will purchase necessary goods and services from the most appropriate available source.

ACTED can accept neither uncontrolled cost increases nor drops in quality. It accepts appropriate internal costs but will work with suppliers to achieve required ethical standards as far as possible at no increase in cost or decrease in quality.

I undersigned [_____], agree to adopt the above Code of Conduct and to commit to comply with the labour and environmental standards specified, both in my own company and those of my suppliers.
