- **ACTED Samangan Office** - District 2 Qush asia area, Samangan, Afghanistan
- **ACTED Jalalabad Office** - Qasaba, district 4th Jalalabad City, Afghanistan

Tenderers who will present their offer at ACTED bases other than ACTED offices listed above must take into consideration the transport time from the local base to ACTED offices listed above.

2. Tenderers will fill, sign, stamp and return the Offer form according to ACTED’s format.
3. Tenderers will sign and return all pages of the Product Specifications for which they apply.
4. The offer to the call for tender will not result in the award of a contract.
5. The offer must be submitted to ACTED Afghanistan offices as listed above in a sealed envelope with the mention **T/ 02DIS/39VJ1/Kabul/06022019/01 - Not to be opened before 20/February/2019”** or by email to [afghanistan.tender@acted.org](mailto:afghanistan.tender@acted.org) cc [tender@acted.org](mailto:tender@acted.org) for international companies.
6. Unsealed envelopes and late offers will not be considered;
7. To ensure that funds are used exclusively for humanitarian purposes and in accordance with donors’ compliance requirements, all contract offers are subject to the condition that contractors do not appear on anti-terrorism lists, in line with ACTED’s anti-terrorism policy. To this end, ACTED reserves the right to carry out anti-terrorism checks on contractor, its board members, staff, volunteers, consultants, financial service providers and sub-contractor.”

*NOTE: ACTED adopts a zero tolerance approach towards corruption and is committed to respecting the highest standards in terms of efficiency, responsibility and transparency in its activities. In particular, ACTED has adopted a participatory approach to promote and ensure transparency within the organization and has set up a Transparency focal point (Transparency Team supervised by the Director of Audit and Transparency) via a specific e-mail address. As such, if you witness or suspect any unlawful, improper or unethical act or business practices (such as soliciting, accepting or attempting to provide or accept any kickback) during the tendering process, please send an e-mail to [transparency@acted.org](mailto:transparency@acted.org).*

<b>FOR BIDDER’S USE</b>
-------------------------

I undersigned \_\_\_\_\_, the Bidder, agree with the instructions and conditions of this Call for Tender.

Company Name: \_\_\_\_\_

Authorized Representative Name: \_\_\_\_\_

## INTERNATIONAL CALL FOR TENDER ACTED Afghanistan Part B – Technical specifications and quality requirements

**1. Certification:**

The bidder will have to provide official certificates according to Afghan regulations:

- Vaccination certificate provided by General Directorate of Livestock and Animal Health (MAIL) in Kabul- **compulsory**
- Certificate about the origin/source of pullets- **compulsory**

**2. Poultry farm location:**

The selected supplier should have the poultry farm in Afghanistan in a province accessible to ACTED technical team to visit the farm. The visit of the farm will be part of the technical and qualitative assessment of the suppliers.

**3. Pullets veterinary check and quarantine period:**

- If the distribution point of the pullets is less than 100 Km far away from the supplier’s farm, ACTED veterinary will conduct a 7 days veterinary follow-up at suppliers farm before any delivery.

- If the distribution point of the pullets is more than 100 Km far away from the supplier’s farm, the supplier must transfer the pullets in a farm near by the center of the province where the distribution should take place. ACTED veterinary follow up will be conducted in this temporary farm during 7 days. **All expenses related to this quarantine period of 7 days will be at supplier’s cost.**

- During the 7 days of quarantine period, ACTED veterinary will be in charge of checking the pullets every day and write a report stating the health status of the pullets day by day.

At the end of the 7 days of quarantine, ACTED veterinary will release a final report stating if the pullets are healthy or not and if ACTED will fully/partially accept OR reject the pullets.

In case during the quarantine, pullets die or are considered unhealthy the supplier commits to replace them at his own expenses

After the 7 days of quarantine and acceptance of items by ACTED Veterinary, the supplier should keep the pullets in the same farm for 3 additional days at his own expenses in order to facilitate the distribution to the villages targeted by ACTED intervention.

The supplier must guarantee the good health of the pullets until final distribution to the beneficiaries and replace at his own expense in case of any loss.

**FOR BIDDER’S USE**

I undersigned \_\_\_\_\_, the Bidder, agree with the technical specifications and quality requirements of this Call for Tender.

## INTERNATIONAL CALL FOR TENDER ACTED Afghanistan Part E – Bidder’s Ethical Declaration

Date: 06/02/2019

Tender reference: T/ 02DIS/39VJ1/Kabul/06022019/01

Tenderer’s name: \_\_\_\_\_

Tenderer’s address: \_\_\_\_\_

### CODE OF CONDUCT:

#### **A. Labour Standards**

The labour standards in this code are based on the conventions of the International Labour Organisation (ILO).

- *Employment is freely chosen*

There is no forced, bonded or involuntary prison labour. Workers are not required to lodge ‘deposits’ or their identity papers with the employer and are free to leave their employer after reasonable notice.

- *Freedom of association and the right to collective bargaining are respected*

Workers, without distinction, have the right to join or form trade unions of their own choosing and to bargain collectively. The employer adopts an open attitude towards the legitimate activities of trade unions. Workers representatives are not discriminated against and have access to carry out their representative functions in the workplace. Where the right to freedom of association and collective bargaining is restricted under law, the employer facilitates, and does not hinder, the development of parallel means for independent and free association and bargaining.

- *Working conditions are safe and hygienic*

A safe and hygienic working environment shall be provided, bearing in mind the prevailing knowledge of the industry and of any specific hazards. Adequate steps shall be taken to prevent accidents and injury to health arising out of, associated with, or occurring in the course of work, by minimising, so far as is reasonably practicable, the causes of hazards inherent in the working environment. Workers shall receive regular and recorded health and safety training, and such training shall be repeated for new or reassigned workers. Access to clean toilet facilities and potable water and, if appropriate, sanitary facilities for food storage shall be provided. Accommodation, where provided, shall be clean, safe, and meet the basic needs of the workers. The company observing the standards shall assign responsibility for health and safety to a senior management representative.

- *Child Labour shall not be used*

There shall be no new recruitment of child labour. Companies shall develop or participate in and contribute to policies and programmes, which provide for the transition of any child found to be performing child labour to enable her/him to attend and remain in quality education until no longer a child. Children and young people under 18 years of age shall not be employed at night or in hazardous conditions. These policies and procedures shall conform to the provisions of the relevant International Labour Organisation (ILO) standards.

- *Living wages are paid*

Wages and benefits paid for a standard working week meet, at a minimum, national legal standards or industry benchmarks. In any event wages should always be high enough to meet basic needs and to provide some discretionary income. All workers shall be provided with written and understandable information about their employment conditions in respect to wages before they enter employment, and about the particulars of their wages for the pay period concerned each time that they are paid. Deductions from wages as a disciplinary measure shall not be permitted nor shall any deductions from wages not provided for by national law be permitted without the express and informed permission of the worker concerned. All disciplinary measures should be recorded.

- *Working hours are not excessive*

Working hours comply with national laws and benchmark industry standards, whichever affords greater protection. In any event, workers shall not on a regular basis be required to work in excess of the local legal working hours. Overtime shall be voluntary, shall not exceed local legal limits, shall not be demanded on a regular basis and shall always be compensated at a premium rate.

- *No discrimination is practised*

There is no discrimination in hiring, compensation, access to training, promotion, termination or retirement based on race, caste, national origin, religion, age, disability, gender, marital status, sexual orientation, union membership or political affiliation.

- *Regular employment is provided*

To every extent possible work performed must be on the basis of a recognised employment relationship established through national law and practice. Obligations to employees under labour or social security laws and regulations arising from the regular employment relationship shall not be avoided through the use of labour-only contracting, sub-contracting or home-working arrangements, or through apprenticeship schemes where there is no real intent to impart skills or provide regular employment, nor shall any such obligations be avoided through the excessive use of fixed-term contracts of employment.

- *No harsh or inhumane treatment is allowed*

Physical abuse or discipline, the threat of physical abuse, sexual or other harassment and verbal abuse or other forms of intimidation shall be prohibited.

## **B. Environmental Standards**

Suppliers should as a minimum comply with all statutory and other legal requirements relating to the environmental impacts of their business. Detailed performance standards are a matter for suppliers, but should address at least the following:

- *Waste Management*

Waste is minimised and items recycled whenever this is practicable. Effective controls of waste in respect of ground, air, and water pollution are adopted. In the case of hazardous materials, emergency response plans are in place.

- *Packaging and Paper*

Undue and unnecessary use of materials is avoided, and recycled materials used whenever appropriate.

- *Conservation*

Processes and activities are monitored and modified as necessary to ensure that conservation of scarce resources, including water, flora and fauna and productive land in certain situations.

- *Energy Use*

All production and delivery processes, including the use of heating, ventilation, lighting, IT systems and transportation, are based on the need to maximise efficient energy use and to minimise harmful emissions.

- *Safety precautions for transport and cargo handling*

All transport and cargo handling processes are based on the need to maximise safety precautions and to minimise potential injuries to ACTED beneficiaries and staff as well as the suppliers' employees or those of its subcontractors.

### **C. Business Behaviour**

The conduct of the supplier should not violate the basic rights of ACTED's beneficiaries.

The supplier should not be engaged

1. in the manufacture of arms
2. in the sale of arms to governments which systematically violate the human rights of their citizens; or where there is internal armed conflict or major tensions; or where the sale of arms may jeopardise regional peace and security.

### **D. ACTED procurement rules and regulations**

Suppliers should comply with ACTED procurement rules and regulations outlined in ACTED Logistics Manual Version 1.2. or above. In particular, ACTED's procurement policy set out in Section 2.1 and 2.4. (contract awarding). By doing so, Suppliers acknowledge that they do not find themselves in any of the situations of exclusion as referred to under section 2.4.2.

### **Operating Principles**

The implementation of the Code of Conduct will be a shared responsibility between ACTED and its suppliers, informed by a number of operating principles, which will be reviewed from time to time.

ACTED will:

1. Assign responsibility for ensuring compliance with the Code of Conduct to a senior manager.
2. Communicate its commitment to the Code of Conduct to employees, supporters and donors, as well as to all suppliers of goods and services.
3. Make appropriate human and financial resources available to meet its stated commitments, including training and guidelines for relevant personnel.
4. Provide guidance and reasonable non-financial support to suppliers who genuinely seek to promote and implement the Code standards in their own business and in the relevant supply chains, within available resources.
5. Adopt appropriate methods and systems for monitoring and verifying the achievement of the standards.
6. Seek to maximise the beneficial effect of the resources available, e.g. by collaborating with other NGOs, and by prioritising the most likely locations of non-compliance.

ACTED expects suppliers to:

1. Accept responsibility for labour and environmental conditions under which products are made and services provided. This includes all work contracted or sub-contracted and that conducted by home or other out-workers.
2. Assign responsibility for implementing the Code of Conduct to a senior manager.
3. Make a written Statement of Intent regarding the company's policy in relation to the Code of Conduct and how it will be implemented, and communicate this to staff and suppliers as well as to ACTED.

Both parties will

1. require the immediate cessation of serious breaches of the Code and, where these persist, terminate the business relationship.
2. Seek to ensure all employees are aware of their rights and involved in the decisions which affect them.
3. Avoid discriminating against enterprises in developing countries.
4. Recognise official regulation and inspection of workplace standards, and the interests of legitimate trades unions and other representative organisations.
5. seek arbitration in the case of unresolved disputes.

### **Qualifications to the Policy Statement**

The humanitarian imperative is paramount. Where speed of deployment is essential in saving lives, ACTED will purchase necessary goods and services from the most appropriate available source.

ACTED can accept neither uncontrolled cost increases nor drops in quality. It accepts appropriate internal costs but will work with suppliers to achieve required ethical standards as far as possible at no increase in cost or decrease in quality.

I undersigned, \_\_\_\_\_, agree to adopt the above Code of Conduct and to commit to comply with the labour and environmental standards specified, both in my own company and those of my suppliers.
