1. Is it possible to change the currency in the Offer Form for **EUR or USD**?
Yes, it is possible. It is amended in docs.
2. Is it possible in Lot 1, item 3 packs of hygiene pads night or day to provide the pads with 2 drops as “the day” pads or to provide 3 drops as “the night” pads?
Such offer will be rejected since it worsens the quality indicators of the purchased goods.
3. Is it possible to offer a few types of packaging, for example not only carton boxes as well eco-packaging including stickering logos?
We cannot consider eco-packaging as an alternative, since its technical characteristics are not known. I would suggest everyone use the indicated types of packaging (cardboard boxes) so that all potential suppliers have equal delivery conditions.
4. Lot 3, point 9, the measure of the toilet paper is 65\200=30 cm, isn't the toilet paper too big in size, maybe there is some mistype?
Diameter of toilet paper: white, 200 breaks, 65 meters, two-layer, household roll, in factory paper packaging Lot 3, point 9 is 12,5 cm.
5. Lot 4 Point 13. As far as we understood: it will be two groups of product that will be sorted and packed into split carton boxes. Should be packed in two carton boxes as additional in one carton box, or just to leave them, as two different groups of goods that are packed separately?
Lot 4 includes 2 types of packaging: a cardboard box sized 300x300x300 mm (item No. 11) in an amount of 1 pc. and a polypropylene bag sized 55x90 cm (item No. 12) in an amount of 3 pcs. Positions No. 1, No. 3, No. 5, No. 10 should be packed in the cardboard (No. 11). Positions No. 2, No. 4, No. 6, No. 7, No. 8, No. 9 should be packed in bags (No. 12)
6. Is there any restrictions on submitting the prices with VAT or w/o VAT. Does it matter to submit the prices with VAT or w/o VAT?
ACTED is non profitable organization registered as Separated Subdivision of French Organization and is not registered as VAT payer in Ukraine, so we do not have specific restrictions based on VAT registration / price with or without VAT. Both VAT payers and not VAT payers
7. In case if the number of 14 calendar is not enough for delivery, may we indicate our possible number of days for delivery?
That supplier who are able to provide goods within 14 calendar days will be prioritized (but not guarantee the winning in tender). And other period of delivery will be considered as well.
