

ANNEX A - Information about IT courses with duration of 3-12 months (per course) (ENG)

#	Question	Answer
1	Field of study:	
2	Name of the course:	
3	Brief description:	
4	Details on teachers delivering courses (how many, their background and current practice):	
5	Duration (number of months):	
6	Frequency of course start:	
7	Course curriculum:	
8	Average/maximum number of students per group:	
9	Cost of the course (with options – monthly, quarterly, full, as relevant):	
10	Schedule (number of hours per day, number of days per week):	
11	Technical requirements: laptop availability, PC availability, specific software and corresponding costs if known:	
12	Skill requirements (computer skills, English, math, logics etc.):	
13	Interview:	
14	Test:	
15	Additional requirements (time for independent study, time for homework etc.):	
16	Age requirements:	
17	Main requirements to successfully graduate (regular testing, regular submission of homework, attendance etc.):	
18	Main requirements for further employment:	
19	Final examination:	
20	Skills acquired by the end of the course:	
21	Complementary activities (during study period) available (meetings with potential employers/ IT companies, competitions, hackathons etc.):	

22	Follow-up activities/services available (support in employment, referral of successful students to IT companies, networking events etc.):
