2. Product class / category: Works
3. Product stage: Finished (Full scale and operational)
4. INCOTERM (delivery conditions): DDP – to the addresses mentioned in the description above.
5. Quantities and specifications: As per detailed in the offer form below

RESPONSIBILITIES OF THE CONTRACTOR:

1. Delivery lead time: Before 15/11/2020
2. Validity of the offer: Six (6) months (Recommended)

GENERAL CONDITIONS:

1. The closing date of this tender is fixed on 16/09/2020 (Sep the 16th, 2020) at 16:00 (Iraq time) in ACTED office at the following address:
   - ACTED representative office in Erbil, IRAQ, 6th street Khabat street on the right after Ankawa intersection, 1st street on the right, House #: 240/1/467 Hadiyab quarter, Ainkawa, Erbil, Iraq. (Physical Submission is only allowed to Erbil ACTED Office, and Electronic submission is highly recommended. In case the office is not available due to the COVID 19 Curfew situation please submit your bid through Electronic submission, Emails mentioned below and no later than closing date time).
   - Or by email to both: iraq.tender@acted.org cc tender@acted.org
   - In case of electronic submission, please:
     - Mention the tender reference number mentioned above in the subject tab.
     - Fill the tender document, signed, stamped, scanned and sent. Electronic stamp and signatures are not acceptable.
2. Offers shall be submitted in English only. (compulsory)
3. Bidders will fill, sign, stamp and return all the pages of this document according to ACTED’s format. (compulsory)
4. Bidders will sign and return all pages of the Product Specifications for which they apply. (compulsory)
5. The offer to the call for tender will not result in the award of a contract.
6. Prices are mandatory in Iraqi Dinar’s (IQD). (compulsory)

7. The quantities and specifications may be subject to change based on the project’s scope of work reassessed at field level.

8. In case of submitting a hard copy, the offer must be submitted to ACTED purchase department in a sealed envelope with the mention “T/10EBS/Y56SMA/ERB/27082020/03” – Not to be opened before 16/09/2020

9. Unsealed envelopes and late offers will not be considered.

10. Detailed pictures samples of the items are highly recommended, and ACTED will request physical sample later.

11. Preference is given to suppliers with proof of experience in the same business.

12. Bidders can apply for one lot or more. Different lots can be awarded to different suppliers.

13. Bidders need to bid for all items in one lot to be considered eligible for the lot.

14. In case of any calculation mistakes, the unit price will be considered.

15. In case of making an error when writing the prices, please discard the page. Any alterations, including the use of correction fluid (white ink), will render your offer invalid.

16. ACTED reserves the right to cancel this tender.

18. During the implementation of this project, the successful bidder will report technically to ACTED Project Manager and ACTED Site Supervisor.

19. The successful bidder shall demonstrate enough liquidity and financial capacity to implement the project with partial reception of payment or in case of transfer delays due to force majeure.

20. Physical Samples of items will be asked later for quality check through a pass/fail process.

21. To ensure that funds are used exclusively for humanitarian purposes and in accordance with donors’ compliance requirements, all contract offers are subject to the condition that contractors do not appear on anti-terrorism lists, in line with ACTED’s anti-terrorism policy. To this end, ACTED reserves the right to carry out anti-terrorism checks on contractor, its board members, staff, volunteers, consultants, financial service providers and sub-contractor.

NOTE: ACTED adopts a zero tolerance approach towards corruption and is committed to respecting the highest standards in terms of efficiency, responsibility and transparency in its activities. In particular, ACTED has adopted a participatory approach to promote and ensure transparency within the organization and has set up a Transparency focal point (Transparency Team supervised by the Director of Audit and Transparency) via a specific e-mail address. As such, if you witness or suspect any unlawful, improper or unethical act or business practices (such as soliciting, accepting or attempting to provide or accept any kickback) during the tendering process, please send an e-mail to transparency@acted.org.

SPECIFIC CONDITIONS:

1. Bidders should provide their offer in accordance to the Technical Specifications provided (compulsory).

2. Bidders must present a valid copy of all their registration within Duhok Governorate – Federal Iraq or demonstrate capacity to be legally able to work in the area before the signature of the contract.

3. All the works and materials must be approved by the Supervisor Engineer.

4. Contractor will conduct a site visit and survey the area before signing the contract.

5. The contractor must employ a permanent resident Engineer to be present at the project site during the implemented period.

6. The Contractor must set-up a temporary and adequate office at the project site.

7. In case of differences between bill of quantities and contract documents, the drawings will govern. Unless requirements of the Engineer are presented.

8. It is the duty of the contractor to check the designs for accuracy and adequacy, otherwise the Employer take no risk of the contractor’s failure to accomplish of the work.
9. Clear and level the worksite, with disposal of all trash.
10. Notification of intention to start construction activity at least one week prior to commencement.
11. The contractor is responsible for any losses or delays in the project until completion of the work.
12. The contractor is to incur all duties, taxes, delivery and transport costs
13. The contractor must follow security guidelines at all times.
14. ACTED reserves the right to contact previous experiences and any financial or security authority for verification.
15. The contractor will adhere to the ACTED Environmental Management and Monitoring Plan (EMMP):
   During supplying of materials and must include the following topics, but not limited to:
   - Soils, Geotechnics, Geology and Hydro-geology
   - Emergency Manual and Emergency Contingency Plan
   - Water resources (surface and groundwater protection)
   - Air quality
   - Noise and Vibration
   - Public Health & Safety (Staff and residents)

**REQUIRED DOCUMENTS:**
- Company registration. (compulsory)
- Tax clearance certificate. (compulsory)
- ID of the owner. (compulsory)
- ID of the legal representative with the authorization letter (If applicable).
- Evidence of experience undertaking similar work. (Highly recommended)
- Other supporting documents (If applicable).
- Certificate of Origin for supplied items (if requested).
- Gantt Chart for activities. (compulsory)

**THE OFFER WILL BE CONSIDERED NOT ELIGIBLE ADMINISTRATIVELY AND WILL NOT BE CONSIDERED FURTHER IN THE SELECTION, IF:**
- The bid is late.
- Unsealed envelope in case of physical submission.
- White ink is used, price correction by hand.
- All papers are not signed and stamped.
- Mandatory documents mentioned above are not attached.
- Electronic stamp and signature (in case of submission by e-mail).

**SELECTION METHOD:**
A tender opening committee will be organized, during which all offers received will be opened, except the ones received after the submission deadline. An administrative check will be conducted, to make sure all mandatory documents have been included in the received bids. Bids without all mandatory documents are considered ineligible and are not further considered in the selection process (out of the PRO-08 - Procurement Memo).

All eligible offers administratively will be financially checked and scored according to the Total price IQD, a Financial Score (50 points maximum) is calculated (Lowest Total Price (IQD)/Supplier Total Price (IQD) * 50).

Bids will then be sent to the Program department to conduct the Technical Evaluation (50 points maximum) according to the Technical Grid. Bidders receiving a Technical Score lower than thirty (30) points will be automatically rejected and not further considered in the selection process.

The bidder receiving the highest Total Score (Financial Score + Technical Score) will be awarded the procurement contract.
- **Technical: 50 points**
  - Specifications of the items offered: 25 points
  - Proof of experience in the same business: 10 points; Company Profile capability of specialized knowledge and experience in similar projects.
  - Staff structure: 5 points; Present site engineer (company’s staff) on a daily basis with the experience not less than 5 years, Technical personnel to update technical documents as per field work, and Management personnel to manage and coordinate field work and lead project administration.
  - Proposed Work Plan: 5 points; provide a logical sequence of the works breakdown and time frame compared to the project duration.
  - Company Assets: 5 points; List and proof company’s light and heavy-duty equipment and machinery, minimum requirements is (Excavator, backhoe loader JCB, Wheel loader, Crane, Step ladder)

- **Financial: 50 points** - Best price

mixture), the work including debris must be disposed of off-site in a manner approved by the municipality and camp management, contractor responsible for obtaining relevant permissions. All work must comply with technical drawings and instructions of engineer.

| 3 | **MCB 100 Amp Triple Pole 3 Phase Type C 100A**  
Supply, install MCB type C 100 ampere with all accessories for relocated electrical box.  
Debris must be disposed of off-site in a manner approved by the municipality and camp management, contractor responsible for obtaining relevant permissions. All work must comply with technical drawings and instructions of engineer. | Piece | 100 |

| 4 | **Insulation plastic clamps**  
Supply and install Insulation plastic clamps 95 mm | Piece | 80 |

| 5 | **Supply new Padlock small size for the door of circuit breakers box with Door latch small size**  
Hook safety door latch specs: -  
Type: Door Bolts  
Length: 85mm  
Width: 40mm  
Material: Stainless Steel  
Size: Small Size  
Thickness: 2mm  
Good quality performance.  
Padlock Specification: -  
Product Name: Padlock  
Package Content: 1 x Padlock, 3pcs x Keys  
Material: Brass  
Shackle Dia: 5mm / 0.2-inch  
Shackle Inner Size: 22 x 23mm / 0.87-inch x 0.91-inch (W*H)  
Body Size: 40 x 24mm / 1.57-inch x 0.94-inch (W*H)  
Good quality performance. | Piece | 100 |

| 6 | **Neutral bar or Busbar for relocated electrical box:**  
supply and install Neutral bar with the following specifications:  
Rating current: - up to 100 amps  
Terminal: - 12 holes  
Terminal type: - screw terminal  
Recommended Screw: Phillips  
Material: - copper with ceramic cover  
Good quality performance. | Piece | 100 |

BIDDER’S ETHICAL DECLARATION – ACTED Iraq

Date:  _ _ / _ _ / _ _ _ _
Tender N°:  T/10EBS/Y56SMA/ERB/27082020/03
Bidder’s name:  ____________________________
Bidder’s address:  ____________________________

CODE OF CONDUCT:

1. Labour Standards

The labour standards in this code are based on the conventions of the International Labour Organisation (ILO).

- **Employment is freely chosen**

There is no forced, bonded or involuntary prison labour. Workers are not required to lodge ‘deposits’ or their identity papers with the employer and are free to leave their employer after reasonable notice.

- **Freedom of association and the right to collective bargaining are respected**

Workers, without distinction, have the right to join or form trade unions of their own choosing and to bargain collectively. The employer adopts an open attitude towards the legitimate activities of trade unions. Workers representatives are not discriminated against and have access to carry out their representative functions in the workplace. Where the right to freedom of association and collective bargaining is restricted under law, the employer facilitates, and does not hinder, the development of parallel means for independent and free association and bargaining.

- **Working conditions are safe and hygienic**

A safe and hygienic working environment shall be provided, bearing in mind the prevailing knowledge of the industry and of any specific hazards. Adequate steps shall be taken to prevent accidents and injury to health arising out of, associated with, or occurring in the course of work, by minimising, so far as is reasonably practicable, the causes of hazards inherent in the working environment. Workers shall receive regular and recorded health and safety training, and such training shall be repeated for new or reassigned workers. Access to clean toilet facilities and potable water and, if appropriate, sanitary facilities for food storage shall be provided. Accommodation, where provided, shall be clean, safe, and meet the basic needs of the workers. The company observing the standards shall assign responsibility for health and safety to a senior management representative.

- **Child Labour shall not be used**

There shall be no new recruitment of child labour. Companies shall develop or participate in and contribute to policies and programmes, which provide for the transition of any child found to be performing child labour to enable her/him to attend and remain in quality education until no longer a child. Children and young people under 18 years of age shall not be employed at night or in hazardous conditions. These policies and procedures shall conform to the provisions of the relevant International Labour Organisation (ILO) standards.

- **Living wages are paid**

Wages and benefits paid for a standard working week meet, at a minimum, national legal standards or industry benchmarks. In any event wages should always be high enough to meet basic needs and to provide some discretionary income. All workers shall be provided with written and understandable information about their employment conditions in respect to wages before they enter employment, and about the particulars of their wages for the pay period concerned each time that they are paid. Deductions from wages as a disciplinary measure shall not be permitted nor shall any deductions from wages not provided for by national law be permitted without the express and informed permission of the worker concerned. All disciplinary measures should be recorded.

**Working hours are not excessive**
Working hours comply with national laws and benchmark industry standards, whichever affords greater protection. In any event, workers shall not on a regular basis be required to work in excess of the local legal working hours. Overtime shall be voluntary, shall not exceed local legal limits, shall not be demanded on a regular basis and shall always be compensated at a premium rate.

- **No discrimination is practised**

  There is no discrimination in hiring, compensation, access to training, promotion, termination or retirement based on race, caste, national origin, religion, age, disability, gender, marital status, sexual orientation, union membership or political affiliation.

- **Regular employment is provided**

  To every extent possible work performed must be on the basis of a recognised employment relationship established through national law and practice. Obligations to employees under labour or social security laws and regulations arising from the regular employment relationship shall not be avoided through the use of labour-only contracting, sub-contracting or home-working arrangements, or through apprenticeship schemes where there is no real intent to impart skills or provide regular employment, nor shall any such obligations be avoided through the excessive use of fixed-term contracts of employment.

- **No harsh or inhumane treatment is allowed**

  Physical abuse or discipline, the threat of physical abuse, sexual or other harassment and verbal abuse or other forms of intimidation shall be prohibited.

**B. Environmental Standards**

Suppliers should as a minimum comply with all statutory and other legal requirements relating to the environmental impacts of their business. Detailed performance standards are a matter for suppliers, but should address at least the following:

- **Waste Management**

  Waste is minimised and items recycled whenever this is practicable. Effective controls of waste in respect of ground, air, and water pollution are adopted. In the case of hazardous materials, emergency response plans are in place.

- **Packaging and Paper**

  Undue and unnecessary use of materials is avoided, and recycled materials used whenever appropriate.

- **Conservation**

  Processes and activities are monitored and modified as necessary to ensure that conservation of scarce resources, including water, flora and fauna and productive land in certain situations.

- **Energy Use**

  All production and delivery processes, including the use of heating, ventilation, lighting, IT systems and transportation, are based on the need to maximise efficient energy use and to minimise harmful emissions.

- **Safety precautions for transport and cargo handling**

  All transport and cargo handling processes are based on the need to maximise safety precautions and to minimise potential injuries to ACTED beneficiaries and staff as well as the suppliers’ employees or those of its subcontractors.

**C. Business Behaviour**

The conduct of the supplier should not violate the basic rights of ACTED’s beneficiaries.

The supplier should not be engaged

1. in the manufacture of arms
2. in the sale of arms to governments which systematically violate the human rights of their citizens; or where there is internal armed conflict or major tensions; or where the sale of arms may jeopardise regional peace and security.

D. ACTED procurement rules and regulations

Suppliers should comply with ACTED procurement rules and regulations outlines in ACTED Logistics Manual Version 1.2 or above. In particular, ACTED's procurement policy set out in Section 2.1 and 2.4. (contract awarding). By doing so, Suppliers acknowledge that they do not find themselves in any of the situations of exclusion as referred to under section 2.4.2.

Operating Principles

The implementation of the Code of Conduct will be a shared responsibility between ACTED and its suppliers, informed by a number of operating principles, which will be reviewed from time to time.

ACTED will:
1. Assign responsibility for ensuring compliance with the Code of Conduct to a senior manager.
2. Communicate its commitment to the Code of Conduct to employees, supporters and donors, as well as to all suppliers of goods and services.
3. Make appropriate human and financial resources available to meet its stated commitments, including training and guidelines for relevant personnel.
4. Provide guidance and reasonable non-financial support to suppliers who genuinely seek to promote and implement the Code standards in their own business and in the relevant supply chains, within available resources.
5. Adopt appropriate methods and systems for monitoring and verifying the achievement of the standards.
6. Seek to maximise the beneficial effect of the resources available, e.g. by collaborating with other NGOs, and by prioritising the most likely locations of non-compliance.

ACTED expects suppliers to:
1. Accept responsibility for labour and environmental conditions under which products are made and services provided. This includes all work contracted or sub-contracted and that conducted by home or other out-workers.
2. Assign responsibility for implementing the Code of Conduct to a senior manager.
3. Make a written Statement of Intent regarding the company's policy in relation to the Code of Conduct and how it will be implemented, and communicate this to staff and suppliers as well as to ACTED.

Both parties will
1. Require the immediate cessation of serious breaches of the Code and, where these persist, terminate the business relationship.
2. Seek to ensure all employees are aware of their rights and involved in the decisions which affect them.
3. Avoid discriminating against enterprises in developing countries.
4. Recognise official regulation and inspection of workplace standards, and the interests of legitimate trades unions and other representative organisations.
5. Seek arbitration in the case of unresolved disputes.

Qualifications to the Policy Statement

The humanitarian imperative is paramount. Where speed of deployment is essential in saving lives, ACTED will purchase necessary goods and services from the most appropriate available source.

ACTED can accept neither uncontrolled cost increases nor drops in quality. It accepts appropriate internal costs but will work with suppliers to achieve required ethical standards as far as possible at no increase in cost or decrease in quality.

I undersigned ______________________, agree to adopt the above Code of Conduct and to commit to comply with the labour and environmental standards specified, both in my own company and those of my suppliers.

Annex A: Scope of Work:

Care and Maintenance projects in IDP Camps, Dohuk Governorate
Maintenances of Electrical System (Electrical Boxes)

IDP camps are formal camps located in Dohuk governorate, the people have been displaced due to the conflict in the region. There are existing infrastructure projects e.g. electrical system, road access, sewage system…etc. in the camps, provided previously by other NGOs with the coordination of GOV. Currently, there are no active NGOs in the camps in any sector related maintenance of electrical system and local authorities support on a limited level.

ACTED with the coordination of UNHCR and camp management to make intervention for IDP camps by conducting assessments. After that, ACTED found some problems within infrastructure projects inside the camps which are affecting environment negatively. The biggest problem is:

- Lack of electrical system (relocation of electrical boxes), there are many mislocations of electrical boxes (close to the tents) and leading to an electrical fault and fire risk to the tents, mitigation of this risk is to relocate electrical boxes of the electrical system, in addition of relocating of electrical boxes is to extent electrical wire from tents to the installed electrical boxes.

Despite not being within the community, the camp population is integrated into the local community in the camp population. Therefore, there is sufficient justification within the scope of the project for activities in the camp under the guise of enhancing social cohesion.

Permission has been granted by local authorities (camp management) for activities within the camp.

Based on a rapid assessment, the situation is as follows:

- **Electrical boxes**: relocating of 100 electrical boxes and extension of 25,000 meters of electrical wire with all required accessories in ChamMishko camp.
- **Electrical boxes**: relocating of 180 electrical boxes and extension of 40,000 meters of electrical wire with all required accessories in Kabarto 2 camp.

Details of specifications for the projects in the BOQ.

ACTED will conduct the following activities to address the immediate needs in the camp:

- Advocate to local authorities, with whom there is already an existing relationship through the community-level, regarding maintenance in the camp.
- Maintenance of electrical system (relocating of electrical boxes and extension of electrical wire).

Finally, the purpose of the project is to:

- Increase safety measures inside the camp.
- Increasing flexibility of the movement between the tents.
- Reduce fire risk.
- Provide extended life-span of the electrical system.
