About ACTED

Since 1993, as an international non-governmental organization, ACTED has been committed to immediate humanitarian relief to support those in urgent need and protect people's dignity, while co-creating longer term opportunities for sustainable growth and fulfilling people's potential. ACTED endeavors to respond to humanitarian crises and build resilience; promote inclusive and sustainable growth; co-construct effective governance and support the building of civil society worldwide by investing in people and their potential.

We go the last mile: ACTED's mission is to save lives and support people in meeting their needs in hard-to-reach areas. With a team of 5,900 national staff and 400 international staff, ACTED is active in 38 countries and implements more than 500 projects a year reaching over 20 million beneficiaries. Position context and key challenges

Present in Nigeria since 2017, ACTED teams are supporting displaced and conflict-affected populations in the North-East of the country, around Maiduguri, with a coordination office based in Abuja. The NGO provides emergency assistance to the most vulnerable populations through a variety of activities, such as building emergency shelters, distributing non-food items, assisting in the management of camps for displaced persons or providing logistical support as well as information management services to the humanitarian community.

In response to the protracted conflict in North-East Nigeria, ACTED provided live-saving humanitarian assistance through Camp Coordination and Camp Management (CCCM), shelter and nonfood item provision, critical food-assistance, emergency humanitarian logistics services and information management solutions to support a coordinated emergency response across Northern Nigeria.

Crucially, ACTED coordinated a consortium programme with five humanitarian partners, thereby providing integrated multi-sectoral assistance to over 180,000 conflict-affected individuals in 2019 alone.

Moreover, ACTED closely collaborated with government officials, civil society actors and local leaders to build capacity and disaster risk reduction systems, strengthening urban resilience for 60,000 individuals from both internally displaced and host communities in Maiduguri, Borno State. ACTED's life-saving assistance modalities have benefitted over 350,000 individuals in 2019.
