

In 2022, hundreds of thousands of you stood with us in solidarity with the most vulnerable people across our 43 countries of intervention. **Thank you!**

The past year was marked by **dramatic conflicts, climate-induced events and increasing population displacements**. In 2023, 339M people will need humanitarian aid. We must keep working together, building local and global solutions to accelerate the transition towards **a Zero Exclusion, Zero Carbon, Zero Poverty world!**

## Responding to emergencies in 2022

### Ukraine

**Food distributions, building repairs, transportation, financial support... ACTED is working with 270+ local organisations to support victims of the conflict in Ukraine**

“My wife and I were left without a job, the rockets destroyed that as well. Now, we are collecting money and materials to build a new house” Viktor, inhabitant of Shestovytsya, Ukraine.

### Horn of Africa

**Did you know? 36 million people currently need humanitarian aid in the Horn of Africa. The worst drought in 40 years in the region leads to widespread malnutrition and famine**

ACTED provides emergency assistance to those affected by the drought and supports rural populations in maintaining their agricultural activities and preserving ecosystems.

### Africa, Middle East

**ACTED and the European Union set up a long-term and flexible response for 800,000+ displaced persons in nine countries across Africa and the Middle East**

ACTED's EU-supported activities are implemented in camp and out-of-camp settings, aiming to co-create and set up local solutions for populations displaced because of conflicts, violence or environmental disasters.

## 3Zero Houses: innovative spaces for agents of change

**“The 3Zero House in Dushanbe plays a key role in advancing the 3Zero vision in Tajikistan as it brings together diverse stakeholders to jointly fight against poverty, inequality and climate change”**

Andre Krummacher, vice CEO Programmes, Accountability & Impact at the opening

What is a 3Zero House? A 3Zero House is a **physical and/or digital collaborative space which aims to multiply and accelerate partnerships, innovations, and solutions** with local actors. A 3Zero House serves as a unique hub that connects and empowers actors from diverse sectors (local social enterprises, civil society organisations, private sector etc...) encouraging them to **innovate towards a Zero Exclusion, Zero Carbon, and Zero Poverty world.**

## This month's number

# 16%

The most vulnerable populations, who have the least contributed to the climate crisis, are the first to suffer from its impacts. As part of its organizational [greening strategy](#), ACTED increases year after year the amount of its actions aiming to fight climate change: in 2022, **16% of its projects were linked to the environment**. ACTED works for example on [ecosystem regeneration](#), [green pasture management](#) and the [protection of fragile ecosystems](#).

## Innovative partnerships for a 3Zero world

### Engaging the youth for a 3Zero world

Marie-Pierre Caley, CEO at the opening of an academic Chair

[Kedge BS](#) and ACTED built an [academic Chair](#) to offer students a new perspective on management challenges in the humanitarian sector. In Tunisia, [ACTED signed an agreement with the University of Sousse](#) and facilitated student engagement through "3Zero Campus Clubs".

### Amplifying social & green impact through [innovative finance](#)

*"In 2022, we chose to invest in [Lendahand](#), a crowdfunding platform enabling citizens to lend to high-impact businesses in emerging countries. Our goal: strengthening the reach of Lendahand, which has already supported 1.2M people with €140M invested in more than 21 countries and avoided 660K tons of CO<sub>2</sub>."*

Aurélien Daunay, vice-CEO Finance, Innovation & Investments
