- 2025: 633 incidents (September)

Source: ACLED, INSO, AMRF

Since 2017 The presence of **non-state armed groups (NSAG)** in Cabo Delgado province has led to a major humanitarian crisis, with **over a million displaced people**.

Conflict, climate and economic shocks have disrupted lives and livelihoods for the majority of Cabo Delgado's population.

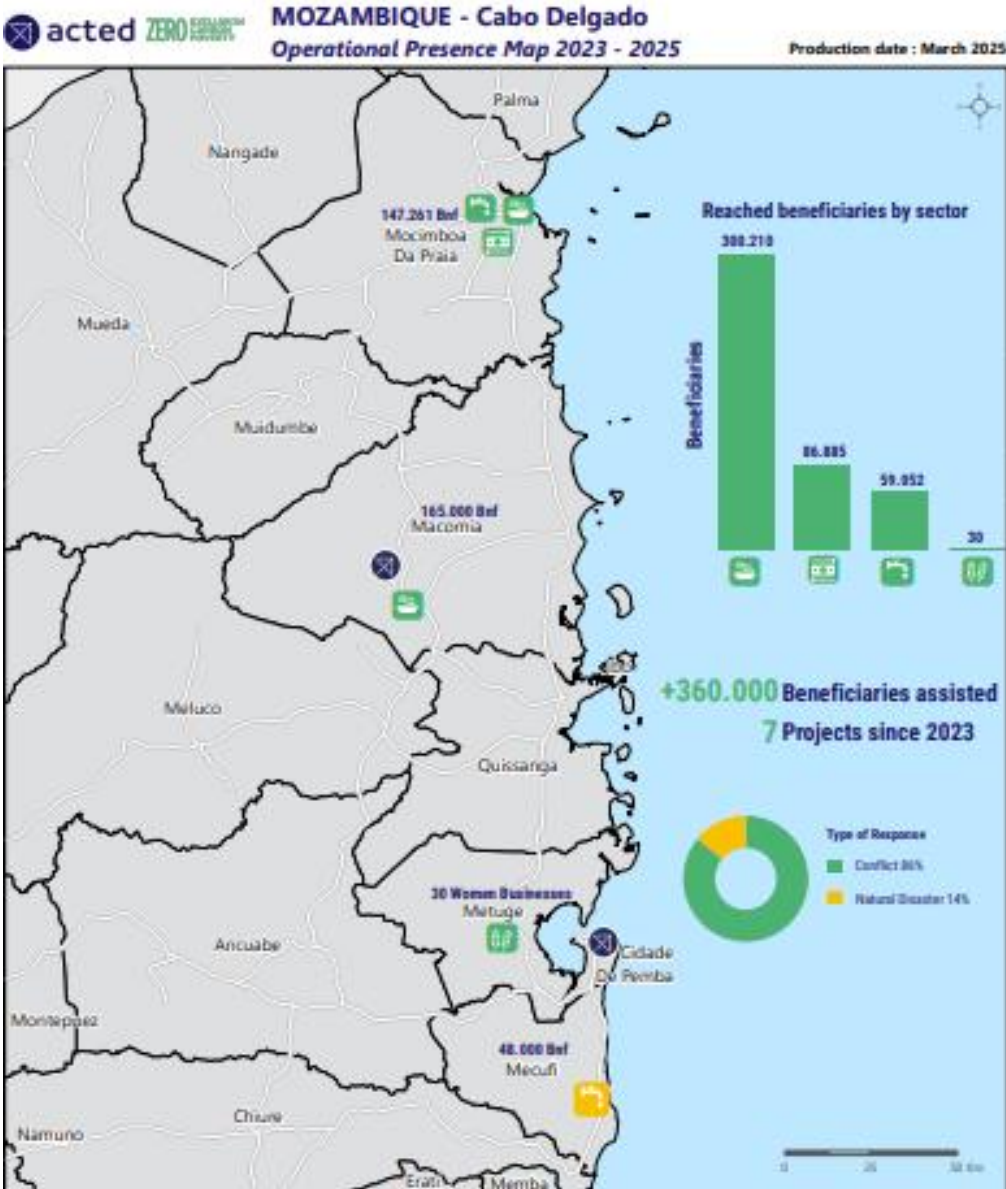

2025 **Eight** districts in JIAF 2.0 Severity 4 vs **Four** in 2024

900.000+ people
in **IPC3+** in Cabo
Delgado only

- Highly volatile security environment; over **208,000 newly displaced in 2025**, nearly half since the end of September

NORTHERN MOZAMBIQUE – CABO DELGADO PROVINCE

Acted Operates in all districts through its active projects

Macomia District – Area Base

- 1st district per % of population in IPC4
- HNRP 3rd Priority district per intersectoral target

Phase	Population	%
Phase 1	12,582	15
Phase 2	29,358	35
Phase 3	33,552	40
Phase 4	8,388	10
Phase 5	0	0

Pemba – Country Office

Phase	Population	%
Phase 1	36,442	25
Phase 2	58,308	40
Phase 3	43,731	30
Phase 4	7,288	5
Phase 5	0	0

Mocimboa Da Praia District – Area Base

- HNRP 2nd priority district per intersectoral target
- More than 50% of the population displaced in recent OAGs attacks (September-October 2025)

Programmatic direction

Continuous support in **highly conflict-affected, hard-to-reach areas** through Shock-Based **Rapid Responses** and regular **multisectoral humanitarian assistance** (FSL, WASH, CBT modalities, ...) using food insecurity and heightened vulnerabilities as entry points.

Build linkages between life-saving assistance and resilience programs

Enabling communities to build resilience in crisis, through supporting Income Generating Activities (IGA), sustainable livelihoods (agriculture, fishery, blue economies, etc.) and resilience programs oriented to self reliance.

Complementarity

With ongoing interventions and with **other actors in the area**. Acted will work complementing partners' interventions (including in critical locations such as hospitals, schools, IDP sites ...) to maximize assistance impact with the limited resources available

Geographical focus

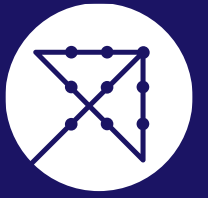

HRNP prioritized districts, heavily conflict-affected, IPC3+, districts with **higher % of population IPC4** (Macomia, Mocimboa da Praia, Quissanga...)

Multi-hazard Approach

Areas prone to overlapping crisis such as conflict and natural disasters in coastal areas (Mecufi, Metuge, ...), and subject to multiple waves of displacement

Acted Mozambique strives to build **linkages between Humanitarian assistance and development programs** aimed at building populations resilience, and will work to expand operations in **Cabo Delgado and other provinces**.
