Position context and key challenges

In 2019, 12 million people in Syria were in need of humanitarian assistance, including internally displaced people, host community members and returnees. Among these, 6.2 million are in acute need of water, hygiene and sanitation assistance, 4.7 million people in need of shelter support and 6.5 million face food insecurity. Active armed conflict displaced 1.6 million people in 2019 alone, including in the northwest of Syria (1 million IDPs concentrated in Idleb) and in the northeast (170 000 IDPs). Overall in 2019, Syria hosted 6.2 million IDPs, 850,000 of whom were settled in last resort sites (i.e. formal and informal camps) and therefore entirely reliant on humanitarian assistance.

In 2019, ACTED continued to deliver multisectoral emergency assistance to conflict affected communities, while supporting their efforts to create opportunities and solutions for recovery. ACTED provided large-scale responses to approximately 3 million people through water, hygiene and sanitation, shelter and non-food items, food security and livelihoods, and camp coordination and camp management (CCCM) interventions.

In-camp, ACTED ensured access to water, sanitation and hygiene for over 364,000 people, and established itself as a key CCCM stakeholder. Out of camp, ACTED supported newly displaced households with emergency food and key non-food items to meet their basic needs.

ACTED also contributed to economic recovery, by supporting livelihoods and providing assistance alongside the agricultural value chain in targeted communities. Through civil society and technical governance mechanisms, ACTED further supported the long-term restoration of services to enhance the resilience of conflict-affected communities.
