## About Acted

For the past 30 years, international NGO Acted has been going the last mile to save lives. Currently, Acted supports 20 million people across 43 countries to meet their needs in hard-to-reach areas - and pursues a triple mandate as a humanitarian, environmental and development aid actor. Acted relies on an in-depth knowledge of local territories and contexts to develop and implement relevant long-term actions, with a wide range of local and international partners, building together a "3ZERO" world: Zero Exclusion, Zero Carbon, Zero Poverty.

## Position's context and key challenges

In Afghanistan, Acted's strategy combines emergency aid and development programming aiming at providing holistic assistance and at addressing the various challenges faced by the country, with the overall goal of alleviating poverty and building resilience. For 23 years, Acted has remained committed to supporting Afghans through diverse programming such as good governance, building the capacity of civil society, rural development, and emergency humanitarian response. Acted continues to strengthen stock piling, contingency planning and preparedness, in order to provide timely assistance for those affected by natural or man-made disasters.

### **Providing emergency and recovery assistance for communities hit by conflict and natural disasters**

Natural disasters affect approximately 250,000 Afghans each year. In addition, the past years have seen an influx in military operations and offensives led by armed opposition groups, resulting in the displacement of 197,000 individuals in 2015. Acted responds to emergency needs by providing conflict and natural disasters-affected populations with emergency assistance in the forms of food and non-food items, vouchers or cash distribution. Acted's interventions also aimed at supporting recovery, through participatory approaches to building back shelters and water infrastructure damaged by natural disasters, as well as disaster risk reduction through training.

### **Supporting the development of economic, education and livelihood opportunities for marginalised populations**

To support marginalized groups such as farmers, youth, and women, Acted works with cooperatives and farmers to enhance governance, production, access to agricultural inputs and training in order to support the development of sustainable livelihood opportunities in rural areas. Vocational training, literacy classes, and support to small business development are also provided to hundreds of women and youth, and Self Help Groups every year, providing over women with safe and supportive space to develop business activities. Acted is supporting education through the construction of Youth Development Centres, and formal and informal education opportunities to approximately 14,000 girls.

### **Investing in governance and local civil society to improve service delivery and inclusive development**

Acted vision for development is of an inclusive, vibrant civil society, and accountable government. Focus in Afghanistan is placed on empowering youth and women, through providing training on human rights, promoting volunteerism, facilitating sports and cultural events and the creation of grass-root organisations such as youth councils, aligned with government strategies and development plans. Acted is a major facilitating partner of the National Solidarity Program, the flagship program of Afghanistan, that supports governance at the village level, and has established and empowered close to 3,000 Community Development Councils across the country. Acted also works closely with local civil society organisations, building their capacity and developing joint projects to reach vulnerable communities.

In 2019, Acted Afghanistan developed further its programming to respond to both emergency and development needs across the country.

In particular, across the north and east of Afghanistan, Acted continued to build on its access and presence at the closest of communities, built over decades, to implement a wide range of programmes to address the acute emergency needs of vulnerable conflict and disaster-affected and displaced households: food security, livelihoods, shelter and non-food items, water and sanitation infrastructure, hygiene promotion, education, and multi-purpose cash assistance have been provided to over 4.5 million beneficiaries. Acted also continued to support communities with longer-term recovery and development efforts, through strengthening local governance, the construction of local infrastructure, vocational training, and agricultural, livelihoods and market support, including through its flagship AGORA programme.
