About Acted

For the past 30 years, international NGO Acted has been going the last mile to save lives. Currently, Acted supports 20 million people across 43 countries to meet their needs in hard-to-reach areas - and pursues a triple mandate as a humanitarian, environmental and development aid actor. Acted relies on an in-depth knowledge of local territories and contexts to develop and implement relevant long-term actions, with a wide range of local and international partners, building together a "3ZERO" world: Zero Exclusion, Zero Carbon, Zero Poverty.

Position's context and key challenges

Acted has been present in Yemen since 2012 with a coordination office in Sanaa, and 6 area offices in Aden, Al Dhalee, Marib, Saadah, Dhamar, and Al Hudaydah. Acted currently intervenes in 8 governorates (Aden, Al Dhalee, Al Hudaydah, Abyan, Marib, Raymah, Saadah, and Dhamar). Key areas of intervention focus on providing emergency response, Durable Solutions, and sustainable development depending on each governorate's unique circumstances. Acted achieves these goals by focusing on several key sectors, namely: WASH, Food Security and Livelihoods, Sustainable Agriculture, Camp Coordination and Camp Management (CCCM), Infrastructure Rehabilitation, Economic Recovery, Capacity-Building of Local Civil Service Organizations, and Cash & Voucher Programs. Acted is a proud member of the Cash Consortium of Yemen (CCY), Yemen Displacement Response (YDR) consortium, and recently led a flagship consortium project focused on developing Pathways to Durable Solutions for IDPs in Yemen. Prior to the commencement of conflict in Yemen in 2015, Acted focused more heavily on development projects (infrastructure, sustainable WASH, etc.), whereas the needs began to shift towards emergency response programming as the situation evolved. In response, Acted has adapted its programming to best suit the needs of each governorate, whether that be emergency response, sustainable development, or through a hybrid approach.

Key roles and responsibilities
